

Rory Lyons

Software Developer with strong foundations in computational problem-solving, mathematics, and interactive digital systems. Skilled in full-cycle software development, from algorithm design and implementation to user experience and system optimization. Experienced in building web applications, gameplay systems, and procedural content pipelines, with additional expertise in data analysis and statistical modelling. Adaptable team player with proven ability to deliver under tight deadlines through both professional and collaborative projects.

9 Derrynane Gardens,
Sandymount, Dublin 4

PROJECTS

Personal Portfolio Website - axelftv.github.io

Designed and deployed a responsive personal site showcasing projects, using HTML/CSS/JS

Research Paper on Procedural Terrain Generation

2024

Developed and analyzed algorithms for terrain simulation and rendering
Written as part of B.A. in Mathematics

Interactive Prototypes & Applications – Ongoing

Built multiple small-scale applications and interactive systems, from back-end web applications to shader-driven visualizations

EXPERIENCE

Software Developer / Game Jam Participant, *Freelance / Team Projects*

June 2023 - PRESENT

- Designed and implemented core software systems under rapid development cycles.
- Applied agile practices, managing scope, version control, and collaboration across disciplines.
- Collaborated with artists, designers, and other developers to deliver polished final products within tight deadlines.

Aviva Stadium, Dublin — *Steward*

December 2021 - Present

- Ensured safety and communication in a high-pressure environment.
- Gained experience in teamwork, problem-solving, and customer interaction.

Molesworth Gallery, Dublin — *Front of House Assistant*

2017 - Present

- Coordinated daily operations and client interactions.

SKILLS

HTML, CSS, JavaScript,
TypeScript, Node.js, Express,
REST APIs

C++, C#, Unity, Haskell, Lua,
MatLab, Unreal, R

Data Analysis and Statistical
Modelling

Team Collaboration and Project
Management

Problem-Solving and Analytical
Thinking

EDUCATION

Trinity College Dublin

M.Sc. in Interactive Digital
Media

Completed 2025

B.A. in Mathematics

Completed 2024

University of Colorado

C# Programming for Unity
Game Development

October 2022 - November 2022

Taken online
